LOST IN THE WOODS (easier)

```
          G    C        D              B        Em        Am        Dsus    C
again you're gone      off on a different path than mine, I'm left behind wondering if I should follow

     D    G    C        D            B    Em              Am           Dsus    C    D
you had to go        and of course it's always fine, I probably could catch up with you tomorrow

     E        A        G#m  A         C          Am              Dsus         D
but is this what it feels like to be growing apart, when did I become the one who's always chasing your heart

     Bb           Gm    Cm        F          Dm         D#    Cm        F
now I turn around and find I am lost in the woods, north is south, right is left, when you're gone

     Bb           Gm         Cm        F                   Bb    D#   C        G
I'm the one who sees you home but now I'm lost in the woods & I don't know what path you are on, I'm lost in the woods

   C    G    C        D        B        Em        Am        Dsus        C
up till now the next step was a question of how, I never thought it was a question of whether

   D    G    C    D        G           C    Am        Dsus        D
who am I        if I'm not your guy      where am I    if we're not together        forever

     Bb           Gm        Cm        F        Dm        D#           Cm        F
now I know you're my true north 'cause I am lost in the woods, up is down, day is night when you're not there

     Bb        Gm           Cm        F        Bb        D#
oh you're my only landmark so I'm lost in the woods wondering if you still care

        Cm      D#          Bb           Gm
but I'll wait for a sign that I'm your path 'cause you are mine

     Cm     F           Bb           Eb              Bb              Eb
until then, I'm lost in the woods (lost in the woods, lost in the woods) I'm lost in the woods (lost in the woods, lost)

     Eb       Bb
I'm lost in the woods
